

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 895 - SB 788

February 26, 2011

SUMMARY OF BILL: Requires the state Department of Education (DOE) to post annually on its Web site the estimates of teacher effectiveness on student progress for the three most recent school years for which data is available. Posted data shall be sorted by local education agency (LEA) and school.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - \$164,300

Assumptions:

- According to DOE, the current SAS contract will be used for custom programming for data preparation and posting on the DOE Web site. Contract costs are \$1,825 per day for custom programming. DOE estimates that this project will take 90 days each year to prepare and post the data. Total increase in state expenditures will be \$164,250 (\$1,825 x 90 days).
- Individual LEAs and schools will not be required to post teacher effectiveness data on their Web sites.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
